Native American Scholarship & Sponsorship pportunities

MACT Health Board offers a variety of programs, for our Native American children who would like to seek additional coverage for: college or sports.
We currently have 2 college scholarship programs to apply for, to assist you in achieving a higher education. Please note there are requirements for each application/applicant. We also have other additional funding resources listed on our website that could be another opportunity to seek funding from.
- MACT Health Board is not associated with the additional websites listed.

The Youth Sport Sponsorship program is for our Native American youth, who are participating in sports or would like to- we offer assistance to help the youth be active- with outdoor sport opportunities.
Please go to www.macthealth.org to print and review our scholarship and sponsorship programs.

If you have further questions regarding these programs, please reach out to your NAS Case Manager at your clinic.

A Warm MACT Welcome to Ryan Salt, P.A

Ryan Salt was born and raised in Southern California, where he developed a passion for medicine and community service. He earned his Bachelor of Science from Grand Canyon University and gained hands-on experience as a Medical Assistant in the greater Phoenix area. Ryan went on to earn his Master of Physician Assistant Studies from Concordia University Wisconsin. He is dedicated to providing patient-centered care and building strong relationships with his patients. Outside of work, Ryan enjoys hiking, golfing, trying new foods, and watching sports. Please join us in welcoming our new Physician Assistant, Ryan Salt, who joins us at the Sonora Clinic.
